INSTRUCTIONS

Item 1. Report Date. Enter the date the form is filled out. Use YYMMDD format (i.e., July 1, 1994 = 940701).

Item 2. Date Data Required. Enter the date information is required in accordance with the Defense Fuel Supply Center (DFSC) requirements.

Item 3. Installation. Enter the name and commercial mailing address of the installation. Also enter the DODAAC or UIC code.

Item 4. Local Distribution Company. Enter the name, address, and telephone number of the local distribution company (LDC).

Items 5 and 6. Tariffs. List the sales and transportation tariffs used by the activity. Attach copy of latest LDC bill.

Item 7. LDC Transportation Policy. Specify if the LDC will transport both firm and interruptible direct supply natural gas (DSNG), and if the LDC will allow the activity to switch between the direct supply natural gas contract and the LDC on a monthly (or otherwise) basis. Mark (X) the appropriate response and specify the switching frequency as appropriate.

Item 8. Current Contractor. If the activity has an existing source supply natural gas contract, enter name and address of current contractor.

Item 9. Contract Data. For the existing direct supply contract, enter the contract number, contract start date, number of option years, termination date, and the number of days termination notice required. Also include any special conditions that may affect a DFSC contract (i.e., large termination charges, liability, high backup costs, etc.).

Item 10. Gas Requirements Data. Identify unit of measurement for natural gas (Item 10.b.). Provide monthly requirements estimate for both firm and/or interruptible gas, as appropriate. Provide a 12-month total for the firm and/or interruptible consumption figures for the activity. Based on your data, provide a 12-month total for the firm and/or interruptible requirements provided to DFSC. Also, provide the maximum daily quantity for the firm gas and the peak day load amount for interruptible gas.

Item 11. Alternate Fuel. List type(s) of alternate fuel(s), unit cost, and the percent of load covered by the alternate fuel capability.

Item 12. Payment Information. Mark (X) the appropriate response to indicate if telefax invoices are accepted by the activity, if wire (electronic) transfer of funds can be made by the paying office, and if Contractor-provided prepaid express mail is allowed by the paying office.

Item 13. Points of Contact. Enter the name of the point of contact, office symbol, commercial telephone and telefax numbers, and mailing address for each of the listed offices.

Item 14. Remarks/Additional Data. Use this block to provide any additional data or remarks as necessary.
